Dear Customers,

Due to the current economy crisis causing high increases with the fuel prices which affects costs with buying our stock, we have decided to temporarily increase our prices.

In hope that we will go back to normality soon, therefore we have decided not to increase our prices on the menu but instead, our increases are as follows:

- Orders between £0-£99.99 to increase by 10% on top
- Orders that are £100.00+ to increase by an extra £10

These increases are set to commence from **Sunday 24th May 2026....**

We hope you understand our decision on this matter

CHEUNG CHAW
